Paseo del Norte Boulevard Extension in Cimarron Community Completed

EL PASO, TX – June 5, 2013 - As El Paso's west side continues to experience significant growth, one most notable improvement is the completion of the extension of Paseo Del Norte Boulevard in Cimarron, a master planned community developed by Hunt Companies. Scheduled to open on June 21, the Paseo Del Norte extension connects Resler to Northern Pass and includes lush landscaping, paths, nature trails, neighborhoods and parks.

The over-sized medians include manicured, tree-lined landscapes with abundant native plants exceeding city standards. Paseo Del Norte Boulevard creates a connected trail system, unique to El Paso, linking the Resler hike and bike trails to pocket parks located in the Cimarron community and to a two-acre park next to the site of Canutillo's new state-of-the-art pre-Kindergarten through 8th grade school.

Cimarron is designed with the quality of life for its residents as the guiding principle with smart development for sustainable neighborhoods and walkable streets. Shopping, dining, recreation and entertainment venues are planned for future development around the intersection of Resler and Paseo del Norte.

The neighborhood school, scheduled to open during the 2015 school year, offers brand new educational, sports, and musical facilities, and will be the area school for Cimarron residents serving elementary and middle school aged children.

Today Cimarron offers a wide variety of home options in three distinct neighborhoods, including Cimarron Sage, Cimarron Sky, and The Falls at Cimarron as well as upscale apartment living at Pureta Villa-Cimarron. Additional residential options will include ridgeline single family homes, patio homes for young professionals and active empty nesters, apartments and townhomes.

Each neighborhood features its own unique character and is surrounded by 15 parks, more than seven miles of biking and walking trails, preserved open space and unsurpassed views of the Franklin Mountains and the western horizon sunsets.
